HARDIMANS

GROWER CHAMPAGNE

Grower Champagnes or Artisan Champagnes are champagnes produced by the estate that owns the vineyards where the grapes are grown. These growers and families tend to the vines themselves and are involved in the winemaking process. Recoltant-Manipulant is the term in French, they can be identified by 'RM' on the wine label.
While large Champagne houses such as Moet & Chandon and Veuve Cliquot may use grapes from as many as 80 different vineyards in the Champagne region to create a consistent house style, Grower Champagnes tend to be more terroir focussed, sourced from a single vineyard or closely located vineyards around a village, and made with grapes which vary with each vintage.
The process of making Champagne is so labour intensive and involved, this is why finding Grower Champagne is such a rare find because the project is often driven more out of love and passion than the economics of it.

Wine by Farr

The Farr estate is in the Moorabool Valley between Geelong and Ballarat, 100km southwest of Melbourne. The rich volcanic soil and continental climate at the estate produces premium fruit with a flavour, bouquet and colour that is unique to the surrounding area.

Gary and Robyn Farr purchased the original property in 1994 and Nick Farr finalised the Estate in 2011, making a total of 130 acres—of which 36 acres are under vine. The grape varieties grown here are viognier, chardonnay, pinot noir, gamay and shiraz.

2022	***Chardonnay***	**180**
2023	***Chardonnay***	**185**

The By Farr chardonnay comes from the same site as the Sangreal pinot noir—composed of red soil over limestone. The wine has a great fruit expression that is well integrated with French oak. The palate is fine but firm, with great acidity, texture and length. This wine is rich in flavour, yet very refined.

2021	***'GC' Chardonnay***	**250**

The Fruit for this wine is sourced from the Cote Vineyard. A close planted / high density planting of Chardonnay on an exposed cote. The wine has an amazing smoothness and calmness that stretches the length of the palate, surrounded with textured fruit and mineral elements

2021	***'Farrside' Pinot Noir***	**170**
2022	***'Farrside' Pinot Noir***	**175**

The Farrside vineyard sits on a northeast-facing slope and consists of limestone topped with black volcanic soil. The vines were planted in 2001 and run east-west to protect the fruit from overexposure to the sun. Even though the Farrside and Sangreal vineyards are only 300 metres apart, the darker soils and cooler growing conditions of the Farrside vineyard mean these grapes are picked 10 to 12 days after all others and produce a more masculine and edgy wine.

2019	***'Sangreal' Pinot Noir***	**175**
2020	***'Sangreal' Pinot Noir***	**190**

The Sangreal vineyard was planted in 1994, making it the oldest vineyard on the Estate. It lies on a north-facing slope and the soil composition is bluestone and overlaying limestone, with red ironstone colouring the surface. This is unlike the other vineyards, which are mostly black volcanic soil with heavy amounts of limestone on the surface. The vine rows run north-south, receiving full sun exposure throughout the day, resulting in more perfumed, prettier wines. This is always the first vineyard to be harvested.

2019	***'RP' Pinot Noir***	**230**
2020	***'RP' Pinot Noir***	**240**

The Fruit for this wine is sourced from the Cote Vineyard. A close planted / high density planting of Pinot Noir on an exposed cote. These hillsides facing North, Northeast and East will be the backbone of the Farr dynasty for decades to come. This wine is pretty and so very perfumed. The cote sites simply produce amazing smoothness and calmness that stretches the length of the palate as with the GC. Abundance of fruit leading to fine and detailed tannin structure.

2020	***'Tout Pres' Pinot Noir***	**250**

Tout Pres was planted in 2001 and is a high-density planted vineyard —hence its name, which translates as "very cosy". It rises above the other vineyards, and each of the three slopes consists of a different soil type. The largest slope is black volcanic soil over limestone; the second is quartz gravel mixed with red ironstone; the third is an iron strand in grey sandy loam. The soils and close competition force the vines to work hard, with the result being fruit that is lush but masculine, and which provides the coveted structure found only in the most age-worthy wines

2020	**Shiraz**	**170**

Shiraz fruit comes from the original By Farr vineyard, planted in 1994. It lies on a north-facing slope, and the red volcanic soil has a base of limestone with deep-set sandstone.

ALL VINTAGES ARE SUBJECT TO CHANGE.

15% SURCHARGE WILL BE ADDED TO ALL TRANSACTIONS ON PUBLIC HOLIDAYS.

GERMAN RIESLING

Riesling is the most widely planted grape in Germany. The Variety expresses itself differently from region to region, and even from vineyard to vineyard. They can range from bone dry too lusciously sweet.
There are 2 fundamental levels in the German wine system:

1.Qualitatswein – these must originate 100% within one of the 13 German wine-growing regions, this single region must be declared on the label as a sign of origin and quality. The best, rarest and most sought after of these wines are the Grosses Gewachs or GG's, which is indicated by the letters GG on the neck of the bottle.

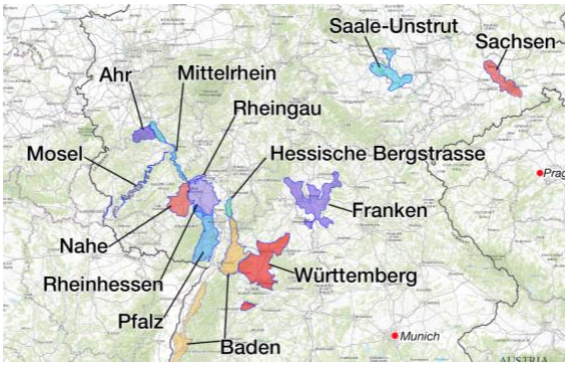

All the below Qualitatswein are examples of dry Riesling.

2024	LOOSEN 'Dr L' Dry	*Mosel, GER*	65
2019	VON HOVEL SCHARZHOFBERGER GG	*Mosel, GER*	200
2022	ROBERT WEIL *Trocken*	*Rheingau, GER*	135
2021	KUNSTLER *Hochheimer Stielweg 'Alte Reben'*	*Rheingau, GER*	160
2021	EMRICH SCHONLEBER *Trocken*	*Nahe, GER*	115
2021	EMRICH SCHONLEBER *Halenberg* GG	*Nahe, GER*	350
2020	OKONOMIERAT REBHOLZ *Trocken*	*Pfalz, GER*	105
2020	OKONOMIERAT REBHOLZ *Kastanienbush* GG	*Pfalz, GER*	305

2. Pradikatswein is broken up into 6 Pradikat levels, which are based on minimum must weight (level of sugar).

- **Kabinett** – light in body, with high acidity flavours of green apple or citrus fruit often balanced with residual sweetness.
- **Spatlese** – A little more concentrated, riper and have a little more body and alcohol than Kabinett, flavours of citrus and stone fruit.
- **Auslese** – These wines are made from individually selected extra ripe bunches of grapes. Again, richer and riper than the Spatlese. Noble rot can play an important part in the flavour of these wines.
- **Beerenauslese** – These wines are hand selected berries from bunches of botrytis-shrivelled fruit. They're incredibly rich, botrytised, sweet, super complex and very long, this is counterbalanced by wondrous natural acidity.
- **Eiswein** - Meaning "ice wine", this denotes dessert wines made from overripe grapes that have frozen solid on the vine. They're harvested quickly and pressed while still frozen so that only concentrated grape juice is extracted. Most of the water stays in the press as ice, so the resulting wine is very concentrated and pure, with vibrant, racy acidity.
- **Trockenbeerenauslese** - Germany's greatest, rarest dessert wine is lusciously sweet, pure nectar. "Trocken" (dry) here refers to the individually selected berries which have been completely shrivelled by the botrytis mould.
